# How To Create a Parent Account for Schoology

Parents will need only a single access code to register for an account that will allow them to view all of their child's Schoology activity. Multiple parents and/or guardians can use the same Parent Access Code to set up their individual parent accounts.
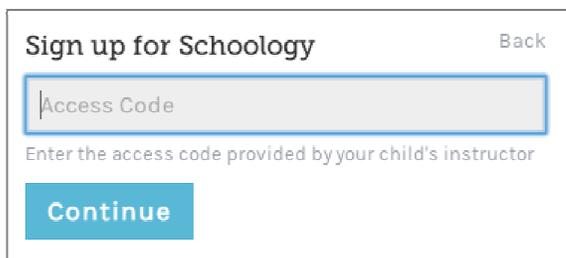

1. In your browser, navigate to **www.schoology.com**

2. In the top right corner of the screen, click the Sign Up button.

3. Select Parent from the options.

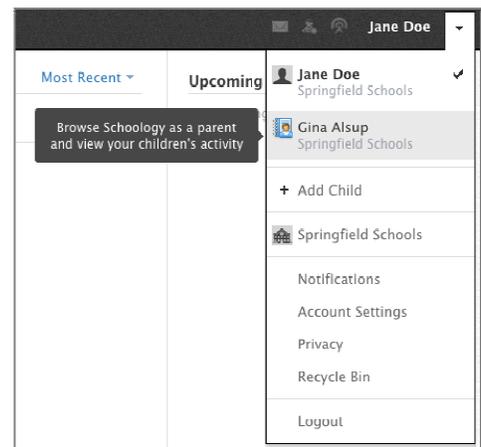

4. You should have received a Parent Access Code from your child's school. Enter that code here:

5. Enter your name, email address, and password.

☑ Receive periodic Schoology updates

Register By clicking Register, you agree to our **Privacy Policy & Terms**

6. Once you log in, you'll be directed through a tutorial. You can browse your child's activities by selecting your child's name from the top right dropdown. **If you have more than one child (at any school within the district) and have received multiple access codes, click +Add Child to setup them up under the same account.**
